

BARKING TASK

Mr. Charles Twelftree, the Berks and Bucks secretary, said this week that the three man committee would judge the case on its merits and not be guided by any previous precedents. It seems that their most likely decision will be to ask for the semi-final to be replayed, but it is conceivable that Wanderers will be disqualified.

Wycombe were in trouble with the County F.A. last season, when they refused to receive the trophy and medals after winning last year's Senior Cup final against Thatcham. This was in protest against B and B's refusal to let them enter the London Senior Cup. Thatcham were subsequently awarded the cup and Wanderers were forced to come in at the first round of this year's competition.

Meanwhile Wycombe will concentrate on retaining their Rothmans Isthmian League Division One title tomorrow at Lodge Avenue when they meet a much improved Barking. This is a game Wanderers' must win if they are to maintain their championship challenge.

The arrival of the famous Morgan twins has boosted Barking no end. Ian, who like his brother made his name at Queens Park Rangers, joined Barking at the start of the season and within a week Roger arrived. Although they have both only scored one goal, their influence in mid-field has been enormous.

Another new arrival this season is former England Youth captain Tony Marchant, who failed to make the grade at West Ham. Barking's leading scorer is striker Peter Burton, but full back Bobby Amikiras has slotted home nine penalties without a failure.

They are in high spirits following their 3-1 victory last week over Ilford in the semi-final of the London Senior Cup, and will take some stopping.
